

POWALIFT STANDS & TROLLEYS

Electronic control & PowaLift technology combine in these versatile units.

Operated by wireless remote or manual switch, screens can be commanded to rise or descend smoothly through 700mm, stopping safely at any point. Ideal for education purposes whereby young children or wheelchair users need to interact with touch screens.

Trolley Variations

Screen mount, hand held remote with manual switch and 4-way power socket supplied as standard. Raises and lowers smoothly through 700mm.
