Mounting Solutions

Supporting You
Welcome to the 2019 UNICOL Catalogue

Our comprehensive range of AV equipment mounts is available ex stock and offers unrivalled flexibility. Order either as standard assemblies or in component form to suit your own requirements. We also offer an efficient service in the manufacture of custom made items, from ‘one-off’ specials to large scale projects for corporate users. – Call us today or visit our website!

As we continue through 2019 with great uncertainty over the shape of the UK’s trading relationship with Europe, as well as potential new global markets, we feel it’s more important than ever that we forge ahead with exciting and innovative new products. These additions complement our extensive range of ‘industry standard’ mounting solutions used by many AV and IT industry professionals. Our new 2019 brochure perfectly illustrates our ongoing commitment to that ethos with new products to satisfy the converging pathways of AV and IT.

If you could invest a little time getting to really know our new brochure it would be appreciated; I’ve yet to meet a customer who when guided through our brochure at some point doesn’t say “I didn’t realise that you made those” so that hidden gem may be just a page turn away. I would also like to take the opportunity to share a particularly positive story albeit a story which isn’t new to UNICOL by any means.

You probably didn’t know that over 98% of UNICOL’s products and packaging are recyclable, how significant is that with our ever increasing awareness of how we use and re-use the valuable resources of our amazing planet? Equally impressive is the fact that this isn’t a new phenomenon, it’s always been that way, never been any different and for a business entering its 56th year the cumulative benefit can only be hugely significant.

The UNICOL paper sacks made from 800gsm natural (so no bleaching in the manufacturing process) kraft paper and sewn at one end are almost impossible to tear or rip but are still fully recyclable or at worst will naturally decompose. The cardboard packaging used is made up from nearly 80% previously used material and at the end of its life is once again 100% recyclable.

Moving on to the UNICOL products themselves: All major components are made of steel or aluminium, all 100% recyclable. The software cutting programme we use maximises the optimal number of profiles cut from each sheet, minimising waste. Therefore all offcut wastage, post manufacturing, is once again recycled.

We are proud to say that from start to finish UNICOL produces minimal waste, even incoming plastics and packaging are sorted and baled for collection by recycling companies, for us this isn’t something new it’s always been part of our DNA.

UNICOL products have been designed to meet BSI installation specification standard BS8590. All goods are sold subject to the Companies terms & conditions of sale, a copy of which is available upon request or can be downloaded from our website www.unicol.com. VAT will be charged at the prevailing rate at time of invoice. Mechanical items have a 10 year design & manufacturing warranty. Electrical parts are covered by a 12 month return to base warranty. UNICOL products are the subject of continuous development and we reserve the right to improve designs or change specifications without prior notice.

Products and prices listed in this catalogue are correct at time of going to press (Issue 56 - 2019). © Peter Ligertwood 2019.

Prices shown are Ex Works, Ex VAT
UNICOL Special Projects Department
Highlighting our in-house design & manufacturing capabilities, resolving many varied and often complex projects.

Corporate Offices – Full Service Cassette Mount
In many global organisations ‘down time’ of AV & IT services can be critical and fault fixing in a hurry can be expensive. An investment bank called us in to provide an easy swap out mount for their displays and more importantly peripherals such as players etc. UNICOL standard wall mounts allow screens to be easily dismounted from a wall so the challenge was to provide a rack that could be pre-loaded then positioned into a vertical drawer, which in turn could be lifted and locked behind the screen. The image shows a loaded cassette in the down position ready for a hot swap.

Oslo Central Station – 60m² 100 screen video wall
Because of brake dust contamination, IP65 rated GDS displays were used. The difficulty with this was the weight of these screens, which negated the use of standard pop-out style mounts. The video-wall layout was 20 x 5 but there was no wall to fix the mounts to, so a custom tower to house 5 displays was designed. To enable displays to be swapped out the middle row was fixed but the upper and lower tiers could be wound out for front loading access. A suspended metal frame was made onto which the 20 towers were fixed. Norwegian Rail ordered other 5 x 5 walls as part of their upgrade.

Teaching Aid Lectern – Surrey University
When Surrey University were looking to upgrade their AV furniture with collaborative tables and control desks, they wanted custom features and fast order turnaround. The result was a branded central desk facility to control AV lecture content, screen or projector video sources, audio and lighting levels and more. Cabinets have 19" removable 6U racks and the desk, with control housing and fully adjustable screen mount, powers up and down by remote or manual switch for standing or seated operation. Such was the success of this roll-out it is now a standard product.

Westfield Stratford – Floor to Ceiling Totems
Indulge Beauty wanted to make a splash in their new flagship store and proposed two 1 x 3 video-walls, using 55” Samsung displays in each window. The displays had to be in a housing, adhering to their brand colours and with access to the screens. A fully enclosed kiosk would have looked too bulky so a slim housing was designed and UNICOL chrome columns were used as the supporting structure and trim for the housing. Chrome reflects so the impact on the eye is less than with solid colours. The Totem was fixed to the floor and ceiling with cabling running through the columns.
VS1000 Stands, Trolleys & Components

“The Work Horse of the AV industry”

With a wide choice of interchangeable parts, easy assembly and sheer robustness VS1000 trolleys are the favoured choice of trade show, education, broadcast and AV users everywhere.

Available as static, wheeled base or back to back versions, with a wide choice of height options. Accessories include metal or glass shelves, locking cabinets and other options.

With its clean lines and superior finish options the Rhobus range of stands and trolleys answers all the needs of the corporate user – from boardroom to prestige exhibitor.

Choose from the elegant single screen version through to multi-screen units to support the very latest and best in corporate communications. Ample capacity is provided within the central mast for cabling, codecs and other systems, all accessible through a locking door. Built in power socket comes as standard.

Camera mounts available in two versions:
* VCM standard mount (see Page 13) fits above or below screen
* Vertical blade type (see below) allows camera to be positioned between screens.

An abundance of practical features

- Premium boardroom quality
- Sinterflex black or white as standard
- Wide choice of screen options
- Discreet cable management
- PowaLift operated options
- Lockable housing for codec etc
- Supplied with castors & static feet
- Single box solution

**Mast housing dims for cabling / codecs – 440(w) x 470(h) x 80(d)**

**Typically 71-110” screens**

**Typically 33-70” screens**

- Easy swap from twin wheel castors to static feet to suit your needs
- Camera mount options allow choice of camera & screen configurations
- Simple to configure for single, twin or triple screens – mount design allows close edge to edge contact for multi-screens
- Drop down locking door allows easy access & provides neat appearance
- Floor to wall versions also available with lockable front panel for installation access

**NEST-STAR**

Nesting Trolleys

A complete large format audio visual teaching assistant on wheels that can be deployed quickly and neatly stowed when not in use.

This robust trolley is designed for large format displays and securely houses your favourite PCs and controllers, whilst allowing fast deployment of cabling. The standard trolley comes with a plain mast. However, we understand that choice of equipment is important and will customise the rear or front of the mast section with a 300 x 300 x 100mm cable/keyboard pocket and standard double gang wall plate & cable assembly at an additional cost. (Please call us for a quote). Handles are provided for ease of movement as standard.

These trolleys can quickly turn an empty space into an effective student e-learning environment as and when required. Whilst Sinterflex Black is the standard colour, other bright & bold finishes are available.

- Robust modular construction
- Easy to assemble and install
- Quick and easy deployment
- Customisation available
- Secure storage for players / PCs
- Standard black with colour options
- Fast turnaround delivery 5 - 7 days

Axia Titan Heavy Duty Stands & Trolleys

Axia Titan

Designed for large format or multi-screen applications, these trolleys incorporate heavier mast sections and increased base footprint to accommodate large screen sizes and heavier loads. Axia Titan trolleys come in 4 versions:

- **Fixed Height**
- **Manual Easy Lift**
- **Bolt Down versions**
- **PowaLift with Remote**

**Safety Note:** Safety must always be the first priority when handling large / heavy screens, which should be installed by qualified personnel using appropriate lifting equipment. Manoeuvre and position trolleys only on flat and even surfaces. Large screens may need removing when manoeuvring trolley under standard door heights.

**Manual Easy Lift**
Smooth ‘ratchet action’ for easy lifting. Practical, reliable and immune from show venue power outages!

**Fixed Height**
For Screens up to 110”
Order Code
- AX15T2J 1.5m to centre of screen
- AX20T2J 2m to centre of screen

For multiple 2 x 2 (4) Screens Up to 55” & 35kg max per screen
Order Code
- AXM20T31 2m to centre of screen
  - State make & model of screen

**PowaLift Electronic**
Axia Titan PowaLift Versions.
- Smooth powered vertical travel for screens up to 110”

These trolleys incorporate a powerful linear drive system within the heavy duty mast. Supplied with hand held remote and manual switch option as standard.

Order Code
- AXL15T2J for screens up to 110”

**Manual Easy Lift**

**Price Note:** Prices quoted are ex-works as the Easy Lift is despatched by dedicated courier.
Motorised Stands, Trolleys

Electronic control & PowaLift technology combine in these versatile units.

- Safe, smooth operation
- Well proven technology
- Quality, long life components
- For screens 33 to 70 inch
- Controllable by remote fob, cord switch or direct from your laptop – all supplied with unit

Operated by wireless remote or manual switch, screens can be commanded to rise or descend smoothly through 700mm, stopping safely at any point.

These units serve many requirements, particularly in the field of education, enabling young children or wheel chair users to interact with touch screens. ‘Touch of a button’ height control also makes it easy to move from one location to another through doorways.

Screen mount, hand held remote with manual switch and 4-way power socket supplied as standard.

Floor to Wall Version

Using the same proven mast technology as our trolley version these units allow fixed installation with the benefit of compactness and slim profile.

RHPL100HD    HD PowaLift (71” - 110”)
There are two Rhobus table versions, Huddle and Stand-to-Meet. The Huddle can be powered up and down to adjust table height. Both have ample capacity & connectivity for cabling, codec and integration with other systems, all accessible through a cable well and locking door. Built in 4-way power socket comes as standard.

Video conference camera mounts are available for all the leading manufacturers of VC equipment. Table tops can be customised in different shapes with cut-outs for all the leading brands of connectivity devices. They can also be branded with different colours and logos. Seating can be supplied as an optional extra.

- Full unified connectivity
- Underside rack options
- Built in hearing induction loop
- Motorised height adjustable top
- Branding, logos & special finishes
- Accommodates wide choice of devices
- Lockable equipment housing
- Fast turnaround delivery 15 days

As a distributor of AV Plates we can enhance any models of Unicol AV Furniture - Please call for details.
Versatile lectern provides secure storage for media electronics with 19” 16U rack mounting as standard. Stylish oval cabinet has concealed castors with jacking feet for extra stability on uneven surfaces. The range of durable desk tops are available in a choice of sizes and incorporate a control panel housing for standard & custom apertures together with power outlets.

High quality monitor arm is fully adjustable, desk top has generous room for keyboard and visualiser (if required). All are available in 1000, 1250 & 1500mm widths, 750mm deep with a choice of wood effect finishes. In addition to the standard units offered we are able to customise for a wide range of requirements plus colour options and branding. This premium self contained lectern is complimentary to any modern lecture theatre.

How to Order
Choose from the three models listed below and select any of the desk top & cabinet finishes listed. Please include preference for monitor arm left or right and control panel housing requirements.

Desk Top and Cabinet Choices:

**Desk Tops**
- Oak
- Beech
- Grey
- Black
- White

**Cabinets**

Dedicated Screen Mounts

**Xactmatch mounts**

Xactmatch mounts take all the guesswork out of ordering and installing screen mounts whatever the make or model and whether stand, trolley, wall or ceiling fixed. Our range covers all popular makes of screens and are available in landscape or portrait versions.

**Approved mounts specifically designed for each make and model of screen listed**

- Factory designed & tested for each screen model
- Cable entry & cooling vent positions allowed for
- Landscape and portrait versions for all models
- Correct screen fixings included

### Slim line Flat Mounts (Landscape)

**Order Code**

- **PLX1** Screens up to 70” landscape - 80kg
- **PLX3** Screens 71” to 110” landscape - 150kg

### Slimline Flat Mounts (Portrait)

**Order Code**

- **PPX1** Screens up to 70” portrait - 80kg

State screen make & model when ordering

### Tilting Mounts (Landscape)

**Order Code**

- **PLW1** Screens up to 70” - 80kg
- **PLW3** Screens 71” to 110” - 150kg

### Tilting Mounts (Portrait)

**Order Code**

- **PPW1** Screens up to 70” - 80kg
- **PPW3** Screens 71” to 90” - 150kg

### Universal VertiSlide Serviceable Cassette Mount

The VertiSlide Serviceable Cassette Mount is a wall fixed screen mount with a vertically sliding & detachable slotted rack for mounting AV equipment.

There are two models for different screen sizes. When installed the equipment is hidden behind the screen but in the event of a swap out the rack can be unlocked, slid down and detached if necessary to carry out the maintenance. VertiSlide is a universal unit designed for most screens so that the rack is positioned towards the bottom of the screen.

An under desk version is also available – see Page 37

**Order Code**

- **VTS1U** Screens – 65° to 110° max 110kg
- **VTS2U** Screens – 40° to 65° max 60kg

### Xactmatch Rota Mounts

Smoothly rotate screens from landscape to portrait and anywhere in between.

Rota Mount RTM1 is designed to fit most Unicol stand & trolley models or floor to ceiling systems and can also be direct wall fixed if required. In-built safety stops allow precise indexing to both landscape and portrait positions.

Use Rota Mount in conjunction with our range of special Exactmatch slim line flat mounts, stating make & model of screen when ordering.

**Order Code**

- **RTM1** Screens up to 70” – Includes PLX mount

Higher capacity Rota Mounts for larger displays available – Call us for details.

### Universal Rota Mount

For stands & trolleys

**New**

Rotating through 90° this mount can also be adjusted from vertical to 5° tilt. Fits Avecta trolleys or stands.

**Order Code**

- **RTM10** Flat & 5° tilt – up to 70”

Fits VESA sizes 200 x 200, 300 x 300 & 400 x 400

Typically 40-110" screens
**Universal Screen Mounts**

**Universal flat screen mount range**

- New double gang aperture and fixing slots.
- Industry standard quality product with In built screen levelling
- Fully adjustable – accommodates wide range of VESA screen fixings. Security options also available.
- Use direct fixed to wall, also fits all stands, wall arms or ceiling mounts in our range
- Screen fixing kit supplied covering M4,M5,M6 & M8.
- Flat & tilt versions, all with screen levelling available

**MOUNT SELECTOR**

Choose the Pozimount most suited to the fixings (VESA sizes) used on your screen.

**Tilt Version** (intended for column suspension mounting - add column adapter PS7, column & ceiling plate).

---

**Sound Bar Mounts**

We design and manufacture sound bar mounts for many makes and models. These units allow sound bars to be fixed to our Stands & Trolley ranges and ceiling suspension systems by fixing to columns or universal mounts.

All units are custom made for the particular make and model and are priced accordingly. Shown version attaches to a universal mount.

Please call us for details stating make & model of Sound Bar

---

**Stainless Steel Options**

We offer stainless Pozimounts to combat harsh environments when using waterproof / IP rated screens.

**Pozimount 400SS**

Order Code: PZX3SS

**Pozimount 600SS**

Order Code: PZX5SS

- We also offer all stainless steel installation components when using these mounts for ceiling suspension – Call us for details

## Installation Components

### Standard Ceiling Plate
Use with any column length for suspension of projectors & single screens up to 57”.

<table>
<thead>
<tr>
<th>Order Code</th>
<th>Plate holes mm</th>
<th>£ Ex Vat</th>
</tr>
</thead>
<tbody>
<tr>
<td>CP1</td>
<td>120 x 120</td>
<td></td>
</tr>
</tbody>
</table>

### Large Ceiling Plate
For long column or heavy installations typically up to 70” or twin 57” screens.

<table>
<thead>
<tr>
<th>Order Code</th>
<th>Plate holes mm</th>
<th>£ Ex Vat</th>
</tr>
</thead>
<tbody>
<tr>
<td>CP2</td>
<td>240 x 240</td>
<td></td>
</tr>
</tbody>
</table>

### Gantry Ceiling Plate
Primarily for spider gantry units (See Page 35). Has internal safety mechanism that allows limited movement of suspension column to protect ceiling fixings.

<table>
<thead>
<tr>
<th>Order Code</th>
<th>Plate holes mm</th>
<th>£ Ex Vat</th>
</tr>
</thead>
<tbody>
<tr>
<td>CP5</td>
<td>300 x 300 &amp; 500 x 500</td>
<td></td>
</tr>
</tbody>
</table>

### Anti-Vibration Ceiling Plate
Internal damping system provides floating action to reduce vibration from above.

<table>
<thead>
<tr>
<th>Order Code</th>
<th>Plate holes mm</th>
<th>£ Ex Vat</th>
</tr>
</thead>
<tbody>
<tr>
<td>CPAV1</td>
<td>120 x 185</td>
<td></td>
</tr>
</tbody>
</table>

### Tube Clamp
For suspending screens from lighting gantries, show stands or other structures. Screens up to 57”.

<table>
<thead>
<tr>
<th>Order Code</th>
<th>£ Ex Vat</th>
</tr>
</thead>
<tbody>
<tr>
<td>TM05</td>
<td>for 50mm tubes</td>
</tr>
</tbody>
</table>

### Truss Clamps
For suspending screens and projectors from standard Truss. – fits truss 40 - 55mm dia up to 57” screens.

<table>
<thead>
<tr>
<th>Order Code</th>
<th>£ Ex Vat</th>
</tr>
</thead>
<tbody>
<tr>
<td>CT1</td>
<td>up to 57” screens</td>
</tr>
<tr>
<td>CT2</td>
<td>with safety hook</td>
</tr>
</tbody>
</table>

### Column Coupler
To enable columns with ‘through bolt’ holes to be joined together for vertical suspension. Coupler conceals neatly within column.

<table>
<thead>
<tr>
<th>Order Code</th>
<th>£ Ex Vat</th>
</tr>
</thead>
<tbody>
<tr>
<td>CC</td>
<td></td>
</tr>
</tbody>
</table>

### Trim Disc
Gives a neat finish where columns pass through suspended ceilings.

<table>
<thead>
<tr>
<th>Order Code</th>
<th>£ Ex Vat</th>
</tr>
</thead>
<tbody>
<tr>
<td>TD1</td>
<td></td>
</tr>
</tbody>
</table>

### Blanking Disc
Blanks holes in ceiling tiles from 6mm to 60mm.

<table>
<thead>
<tr>
<th>Order Code</th>
<th>£ Ex Vat</th>
</tr>
</thead>
<tbody>
<tr>
<td>TDB1</td>
<td></td>
</tr>
</tbody>
</table>

### Single Column Tilting Adapter
Use with Pozimount and Xactmatch mounts when ceiling suspended.

- Variable tilt to 15°
- 360° swivel
- Back to Back version available

<table>
<thead>
<tr>
<th>Order Code</th>
<th>£ Ex Vat</th>
</tr>
</thead>
<tbody>
<tr>
<td>PS7</td>
<td></td>
</tr>
</tbody>
</table>

### Single Column Adapters
Use in conjunction with Pozimount and Xactmatch mounts to position screens vertically on columns. Can also be used for fixing single columns to walls.

<table>
<thead>
<tr>
<th>Order Code</th>
<th>£ Ex Vat</th>
</tr>
</thead>
<tbody>
<tr>
<td>PS3U1</td>
<td></td>
</tr>
<tr>
<td>PS5T</td>
<td></td>
</tr>
</tbody>
</table>

### Floor to ceiling Column Coupler
For mounting screens on two part columns.

<table>
<thead>
<tr>
<th>Order Code</th>
<th>£ Ex Vat</th>
</tr>
</thead>
<tbody>
<tr>
<td>PS6U1</td>
<td></td>
</tr>
<tr>
<td>PS6UT1</td>
<td></td>
</tr>
</tbody>
</table>

### Compact Bolt Down Bases
Offer minimal base footprint for fixed screen stands. M10 floor bolts (not supplied) fully recess into base. Trim caps complete the installation.

<table>
<thead>
<tr>
<th>Order Code</th>
<th>£ Ex Vat</th>
</tr>
</thead>
<tbody>
<tr>
<td>ESF</td>
<td></td>
</tr>
<tr>
<td>VSF</td>
<td></td>
</tr>
<tr>
<td>AVF</td>
<td></td>
</tr>
</tbody>
</table>

### Standard Column sizes
- We also offer non standard lengths per cm
- Safety ‘through bolt’ holes must be used for suspension applications

### Standard colour black – also available in white
Installation Components

**Stub Column Ceiling Plate**
Useful in low headroom situations. Allows direct connection of Unicool PSU projector mounts etc.

Order Code Plate holes mm
CP3 120 x 120
CP4 240 x 240

**Pipe Clamps**
Available in a wide range of sizes. Please state pipe diameter when ordering.

Typical mount for 75 - 300mm pipe shown.

Order Code TM530

**Safety Locking Ring**
Necessary at the lower end of any ceiling suspension installation using column mounted components, where safety 'through bolts' are absent.

Order Code LR

**Twin Column Back-to-Back Suspension Adapter**
We advise the use of Twin Column suspension for large / heavy back to back installations or screens which may be subject to stress or wind loads.

Order Code PS4 Twin column - up to 70"  PS43030 Twin column - up to 110"

**Twin Column Adapters**
Use in conjunction with Pozimount and Xactmatch mounts to position screens vertically on columns. Can also be used for fixing twin columns to walls.

Order Code PS3V1 Twin column - 33" to 70"  PS8 Back-to-Back version

**Floor to Ceiling Base Plates**
In single or twin column versions. Columns locate securely over bushes to give neat appearance.

Order Code FP1 Use with CP1 (see page 22)  FP8 Use with CP8 (see above)

**Twin Column Floor to Ceiling Couplers**
For mounting screens on two part columns.

Order Code PS6V1 VS Range - 33" to 70"

**Custom Made Accessories**
We offer a service in making all kinds of special or non-standard accessories – Call us when planning your next installation.

**Girder Clamps**
For girders 75 to 250mm & 350mm wide. Adjustable from level to extreme angles of tilt.

Order Code Span mm
GC25 250  GC35 350

**Twin Ceiling Plates**
For suspension of screens over 50" & floor to ceiling column installations using Floor Plates FP8 (see below). CP9 360° swivel version also listed.

Order Code Version Plate holes mm

Trade Packs for screen suspension

These ‘package priced’ kits offer ease and convenience for specifiers and installers, combining the necessary ceiling plate, column & Universal tilting mount for a typical installation.

Three column lengths are listed to suit different ceiling heights. Trade Packs consist of Ceiling plate, Column & Mount(s).

Single Screen Trade Packs
for VESA 300 x 300 to 600 x 400

Order Code £ Ex Vat
KP110CB with 1m suspension column 205.00
KP120CB with 2m suspension column 227.50
KP130CB with 3m suspension column 250.00
* (please see note below – smaller size mount options)

Back to Back Twin Screen Trade Packs
for VESA 300 x 300 to 600 x 400

Order Code £ Ex Vat
KP110DB with 1m suspension column 355.00
KP120DB with 2m suspension column 377.50
KP130DB with 3m suspension column 400.00
* (please see note below – smaller size mount options)

Wall Arm Trade Packs
for VESA 200 x 200 to 600 x 400

Order Code £ Ex Vat
KPWB Direct coupled 229.90
KP105WB with 50cm suspension column 242.60
KP110WB with 1m suspension column 253.85
* (please see note below – smaller size mount options)

* Note: The above Trade Packs use PZW1 style mounts. Smaller PZW3 style mounts (P19) for VESA 200 x 200 to 400 x 400 are also available at same price – Call for details.
**Slim Profile & Other Mounts**

**Excalibur Ultra Slim Universal Wall Mounts**

- Only 7.5 millimetres thin!
- For screens up to 57" (max 35Kg)
- Fits all of the following VESA sizes:
  - 200x200 / 300x300 / 400x400 / 600x400

<table>

(Caution: Do check that your screen has cabling connections which allow the use of a slim style wall mount and do not protrude excessively from the rear).

**Versus Mount Range**

As screens become lighter it is only natural to have a mounting system that shows off the virtues of Direct and Edge Lit LED technology.

This range of screen mounts is available in wall, stand or ceiling versions, tilting & non-tilting. The ceiling version is supplied with an adapter to fit a standard column. The trolley version fits directly to a standard PS2 twin column adapter.

The wall version has ample room for services and folds down into a small package for easy stocking. All versions fit the most popular VESA fixing centres.

**Ceiling Mount Version**

Order Code
- VZW1C 0 to 10 degrees tilt
- 200 x 200, 300 x 300, 400 x 400, 600 x 400
- Add ceiling plate, column & PS2 as required

**Wall Mount Only**

Order Code
- VZW1W flat to wall
- VZW1W2 0 to 11 degrees tilt
- 200 x 200, 300 x 300, 400 x 400

**VS1000 Trolley Version**

Order Code
- VZW1V 0 to 10 degrees tilt
- 200 x 200, 300 x 300, 400 x 400, 600 x 400

**Small Screen Mount Range**

**Slim-Line Wall Mount**

- For displays up to 21"

Order Code
- LVC VESA up to 100 x 100

**Clip-On Slim-Line Wall Mount**

Easy to use, fits most screens and has concealed security screw.

- For displays up to 32"
- VESA 75 x 75, 100 x 100, 200 x 200

Order Code
- SVC1 VESA up to 200 x 100

- UTM1 with 300mm wall plate

(Caution: Do check that your screen has cabling connections which allow the use of a slim style wall mount and do not protrude excessively from the rear).
Wall Arms

**UNICOL PANARM ™**

**Range of Swivel Arms**

All steel, lasting quality, user adjustable joint tensioning, full swivel & tilt plus screen levelling

### Compact Single & Dual Arms for screens up to 32 inch

The extra versatility of our dual arm units provide increased viewing flexibility – good also in alcoves or corner situations. Unit folds 7.7cm to wall and reaches 46cm fully extended. Mount plate fits all small screen VESA sizes, has tilt to 10 degrees plus screen levelling fine adjustment.

**Order Code**

- **PLA1X1**  Fits VESA 200 x 200 to 600 x 400
  (With Pozimount PZX1 for most standard applications)

- **PLA1X3**  Fits VESA 200 x 200 to 400 x 400
  (With Pozimount PZX3 for small (32") screens or portrait mounting)

(For full Pozimount details see page 21)

### These heavy duty (35Kg rated) swivel arms are fitted with our Pozimount universal screen mounts. Each arm version (single or dual) is listed with mounts suitable for either standard or small screen / portrait use.

#### HD Single Arm for screens up to 57 inch

Arm fully extends to 43cm (11.5cm when folded flat) has full swivel & tilt plus screen levelling feature.

**Order Code**

- **PLS1X1**  Fits VESA 200 x 200 to 600 x 400
  (With Pozimount PZX1 for most standard applications)

- **PLS1X3**  Fits VESA 200 x 200 to 400 x 400
  (With Pozimount PZX3 for small (32") screens or portrait mounting)

(For full Pozimount details see page 21)

#### HD Dual Arm for screens up to 57 inch

Offers enhanced degree of adjustment for more extreme viewing angles – Arm fully extends to 73cm (15.5cm when folded flat) has full swivel & tilt plus screen levelling feature.

**Order Code**

- **PLA1X1**  Fits VESA 200 x 200 to 600 x 400
  (With Pozimount PZX1 for most standard applications)

- **PLA1X3**  Fits VESA 200 x 200 to 400 x 400
  (With Pozimount PZX3 for small (32") screens or portrait mounting)

(For full Pozimount details see page 21)

#### HD “Parallel Action” Dual Arm for screens up to 110 inch

Robust construction for screens up to 130kg. Able to swivel left or right as well as track in and out in a parallel manner where its use in alcoves (but not exclusively) works particularly well.

Unit fully extends to 535mm. 126mm when closed. Comes complete with fine adjustment features for accurate screen positioning and has a cord release latch for locking when closed. Adjustable stops are included on the screen arms to prevent screens being pushed in at the sides – particularly useful when using touch screens.

**Order Code**

- **PLA4**  Fits VESA 400 x 400 - 900 x 600
  (Comes with fully adjustable arms)

Please provide us with the make and model of your screen.
UNICOL Wall Arm System

Wall suspension for screens, projectors, Guardboxes etc.

These standard wall arm units are designed for use with any of our screen or projector mounts, Guardboxes etc.

We manufacture two versions; WB1 allows direct connection of mount (using PS1 suspension adapter) and WB2 as a suspension column version. Wall arms can be fitted with any Unicol screen or projector mount listed in this catalogue.

See pages 20 & 21 for screen mounts and page 23 for PS1 adapter.

Other arm lengths are available – Call us for details.

HD “Parallel Action” Dual Arm for screens up to 70 inch

Robust construction for screens up to 60kg. Able to swivel left or right as well as track in and out in a parallel manner where its use in alcoves (but not exclusively) works particularly well.

Unit fully extends to 520mm. 150mm when closed. Adjustable tilt built in.

Order Code PLA2X1 Fits VESA 300 x 300 to 600 x 400 (Comes with Pozimount PZX1)
Outdoor Housings for up to 86” screens

UNICOL pioneered the development of outdoor housings and has unrivalled experience in this specialised field. Our well proven range of housings go from small screen monitors used in harsh environments right up to the latest 80inch large format screens.

For the Technical – housings all feature the following:

- Tailor made for perfect screen fit every time
- Wide range available – 32” to 86” screens
- IP53 rated with vandal resistant screen
- Corrosion free for long life in all weathers
- Light weight aluminium construction
- Wall, ceiling or back-to-back mountable
- Thermostatic internal heating & cooling
- User replaceable cartridge air filtration

All are constructed in 1050 grade aluminium and utilise high quality temperature control components within. Screen viewing panels in impact resistant polycarbonate are incorporated as standard. Toughened or laminated glass is also available as an option.

Order Code  £ Ex Vat

**ODH0**  Square Corners – 30” to 32”  **1290.50**
**ODH1**  Square Corners – 33” to 57”  **1384.30**
**ODH2**  Square Corners – 58” to 70”  **1457.00**

- Slimline screens have enabled us to manufacture these housings in our new slimline style. These will always be supplied where the screen depth allows. – Please call us for confirmation if needed.
Protective Covers for up to 70” screens

Screen Protective Covers
5mm thick, clear, anti-shatter screen with a metal bezel provides a durable front cover for screens.

Two landscape versions are available, one that clips to the screen (square corners only), the other attaches to the wall (square & rounded corners available). For portrait versions use order code PCP instead of PCL below. Anti-reflective screens also available.

We can supply bespoke versions in branded colours including logos. – Call for details.

The UNICOL Difference
Why our outdoor housings and covers look so good and work so well is because each one is tailor made to perfectly fit the screen of your choice. Our dedicated Oxford manufacturing facility enables us to do this, with all Outdoor Housings made in durable corrosion proofed aluminium for long term good looks.

All offered with a reliable & prompt delivery service, usually within 5 to 7 days – a perfect result in rapid time!
Obelisk Digital Signage System

Column style enclosures for large format screens in free standing, floor-fixed and floor to ceiling versions. Custom options available including transparent screens with display cabinet and multi-screens. Custom colours and branded versions also available.

Our Special Projects Design department has been engaged in the ongoing development of these units and can produce conceptual and production versions for many varied applications. Standard portrait versions shown below and listed on opposite page (Landscape versions also available). For custom projects please contact us to discuss specification and options.

Single or back-to-back displays
- Easy to assemble and install
- Wide choice of screen options
- Landscape versions available
- Laminated glass option

Polycarbonate screen cover option
- Analytic Camera mount option
- POS Shelf options available
- Space for players and PCs

Branding options available
- Colours in Sinterflex black or white
- Other colour finishes available
- Rapid turnaround on orders

Prices quoted are ex-works as all housings are despatched by dedicated courier or collected.

Pop Out Video Wall Mounts

ADAPTA-WALL®

The installer friendly Pop Out mount loaded with innovative features.

- With standard ‘Push to close - Push to open’ action. Also available with remote latching system where closure with absolutely no screen contact in the case of ultra thin or delicate displays is required.
- For widest range of screen fixings; VESA 200 x 200 to 800 x 400mm.
- Full screen adjustment in all planes.
- For screens up to 45Kg.
- Accurate horizontal / vertical centre line marks on all back plates for easy set up.
- For direct wall fixing or use with our video wall structure components for ceiling, floor to ceiling or floor to wall applications.
- Optional ‘pull cord’ security feature prevents unauthorised ‘Pop out’ operation in public areas or any situation required.

Compact Version

Order Code
VWP0

The compact size of this version is for screens up to 40” & covers VESA sizes 200 to 300mm Comes complete with fine adjustment features for accurate screen positioning.

Fits VESA
100 x 100mm
200 x 200mm
300 x 200mm
(and any screen fixings in between)

Standard Version

Order Code
VWP1

Ideal for most video wall applications and covering a wide range of VESA sizes. As with all Adapta-Wall mounts comes complete with fine adjustment features for accurate screen positioning.

Fits VESA
300 x 300mm
400 x 400mm
600 x 400mm
(and any screen fixings in between)

For screens with VESA 800 x 400mm fixing points a stretched version, VWP3 is available

Portrait Version

Order Code
VWP2

The compact (500mm) width of this version allows use of screens in portrait mode whilst accommodating a wide range of VESA sizes.

Fits VESA 400 x 600mm

Please Note: For 300 x 300mm & 400 x 400mm use VWA1 arms (see Page 33)

All versions can be wall fixed or used with our Adapta-Wall structure system fittings below. For ceiling suspension use (Quad) 4 column parts, (locking rings must be used – P22). For floor to ceiling / wall, use (Twin) 2 column parts.

ScreenRail Universal Multi-Display System

* Ceiling Suspended
* Wall mounted

ScreenRail Multi-Display System

A highly adaptable rail system for mounting screens in-line, in any number. Ideal for Digital Menus, Videowalls & Telepresence, etc. Can be wall mounted and ceiling suspended. ScreenRail system comprises a choice of standard rail modules and a range of screen arms to cover all applications. Back to Back versions also available.

When selecting parts consideration has to be given to screen width & VESA fixing size. The examples of menu boards and videowalls below use VWA adjustable arms. We have given these specific codes for ease of ordering but we urge you to check before ordering by providing us with the make & model of your screen. Ceiling suspension examples use 1.5m columns.

Menu Boards

Wall mounted & ceiling suspended.

These kits consist of all parts necessary for fixing screens in line on a wall or ceiling suspending on 1.5 columns.

Other lengths of rail are available to order: 450(w), 800(w), 1000(w), 1200(w), 1700(w), 1800(w), 2100(w) – Call for details.
Free Standing Video Walls & Roller Trak

Free-standing video wall system

Ideal for situations when quick, easy and accurate assembly is required such as hire and retail, where regular change is inevitable.

This robust modular structure is made of individual mast units that are joined with cross members enabling a 4-high display unit to have infinite width, (3-high display units are also available). Cable management runs are catered for and there is adequate space for players or PCs.

Each display fixes to the VWP1 standard ‘Push to close - Push to open’ video wall mount capable of VESA 200 x 200 to 800 x 400, for displays up to 45kg. (See Page 30). The mount allows for tool-less adjustment in all planes by means of knurled wheels for in-out and up-down movement. Lateral action is achieved by sliding the display smoothly on wheels located in the mount arms.

- Robust modular construction
- Easy to assemble and install
- Wide choice of screen options
- Space for players and PCs
- Discreet cable management
- ‘Push to open’ - ‘Push to close’ mounts
- Tool-less screen adjustment

- Call us for details

Shop Window Solutions

Ideal for retail and other applications to enable screens to be tracked in / out & from side to side, thus opening exciting possibilities for window displays, dynamic presentations, servicing needs or just access for screen / store front cleaning.

AV Roller Trak system consists of track lengths of standardised design which carry smooth running ball bearing trolley units. Standard Unicol column lengths & screen mounts complete the installation.

- Smooth, easy glide operation
- Single or multiple screens
- Wide choice of track lengths
- Swivel or Rotamount options

Typical roller track in window display use

Multi-screen version used to track screens in and out for cleaning or servicing when installed close to window.

Single screen version showing roller track used to move screens along the length of a window as part of a changing window display.

To order – call our technical support team for full system details, options available and advice on any project or installation being considered.
Multi-Screen Gantry Systems

Spider Gantry Systems

These ceiling mounted units are available for a wide range of screen sizes incorporating our Pozimount universal tilting screen mounts. The spider style and single column gantry versions have swivel capability and all have cable entry ports for neat installation.

By their very nature all spider style and in-line gantries incorporate parts which are factory made to suit specific requirements but all versions are available on a short turn round basis.

Call our technical support team for advice on any project or installation being considered.

Spider – triple screen unit

Spider – five screen ‘pentagon’ unit

CPS Ceiling Mount

We also manufacture gantries for projectors – Call us for details

In-line Gantry Systems

Spider five screen gantry - illustration shows typical gantry main frame. Add heavy duty column / CPS ceiling mount (special to these gantries) & screen mounts (pages 20/21).

<table>

</tbody>
</table>

In-line gantries require MSS1 sockets or MSP1 pegs (above), Single sided require PS1s, Back-to-Back PS5s (Page 22). All require Screen Mounts (Pages 20/21).

Product codes & prices listed are intended as a guide as most gantry installations are ‘project driven’ with the make/model & number of screens as well as the location already chosen. Call our technical team who have wide experience in advising the necessary mount component ‘package’ to best meet the needs of your installation.
Floor to Ceiling and Floor to Wall Systems

* Single sided and back to back screen versions
* Cable management within column uprights
* Floor to ceiling and floor to wall options

Below are three standard methods of floor to ceiling / wall installation. Select any of the trade kits listed (for nominal ceiling heights of 4m). If the kits do not meet your needs order in component form as required. To enable adjusting heights of screens at installation long column lengths can be ordered separately with standard adapters. If services are from the floor use ESF or AVF floor plates (Page 22) for cable management.

Floor to Ceiling single column kits:
Order Code  £ Ex Vat
FCUS3  up to 57" - single screen 320.00
FCUD3  up to 57" - back to back 428.30

Floor to wall single 2m column kit:
FWUS3  up to 57" - single screen 276.55

Floor to Ceiling twin column kits:
Order Code  £ Ex Vat
FCAS1  up to 70" - single screen 457.80
FCAD1  up to 70" - back to back 556.20
FCAVM  optional set of In-fill panels 396.00

Floor to wall twin 2m column kit:
FWAS1  up to 70" - single screen 430.10
FWAVM  optional set of In-fill panels 179.05

Floor to ceiling ‘goal post’ style kits:
Order Code  £ Ex Vat
FCGS1  up to 70" - single screen 430.10
FCGD1  up to 70" - back to back 532.50
FCGSH  up to 110" - single screen 587.50
FCGDH  up to 110" - back to back 752.70

Floor to wall ‘goal post’ style kits:
FWGS1  up to 70" - single screen 410.00
FWGSH  up to 110" - single screen 549.00

Floor to Ceiling Adapters
Order Code £ Ex Vat
PS6U1  Single Column Single Screen 90.30
PS6UT1  Single Column Twin Screen 108.00

Floor to Wall Adapters & Fixing Brackets
Order Code £ Ex Vat
PS6A1  Single Column Single Screen 75.00
PS8A1  Single Column Twin Screen 90.00

Screen mount adapters with integral cable management.

Twin column version with integral cable management.

Screen mount adapters for single & twin column use.

Wall fixing brackets for single & twin column use.
**LED Universal Mounting Systems**

- **UNICOL** patented universal LED mounting system

- Free standing, fixed & rolling versions
- Floor to ceiling & floor to wall versions
- Custom designed versions possible
- Simple assembly and easy LED tile location
- Structures for most LED tile systems
- Installer and maintenance friendly
- Expert advice for projects being considered

**Roller Trak**

Alternative wall or window use

Roller Trak version has a removeable track section only used during set-up or maintenance (as highlighted below). This enables the assembled VLED screen to be rolled into position, the track removed and valuable floor space saved. (Track fits either end)

**Floor Fixed**

Use stage weights to counterbalance video wall

**Free Standing**

Masts (mm) 2000

**Mast Versions**

- LDFF  Floor Fixed Mast Unit
- LDFS  Free standing Mast Unit
- LDRT  Roller-Trak Mast Unit
  - **£ 520.50**

**Extensions**

- **Order Code**
  - LDE75  750mm Extension
  - LDE100  1000mm Extension
  - LDE150  1500mm Extension

**Extension Coupler & Universal Tile Mount**

- **Order Code**
  - LDUM  Universal Tile Mount
  - LDEC  Extension Coupler
  - LDA1  Floor to ceiling/wall adapter

**PC / Player Housings & Racks**

**Screen Mount / PC housing combinations**

We manufacture screen mounts incorporating housings for small form factor PCs. These units greatly reduce installation time. Units are listed below incorporating our Pozimount universal mounts in tilting & non-tilting versions.

Custom made, security locking versions & power socket options also available.

- **Order Code**
  - PCZW  Universal PC Housing Tilting
  - PCZX  Universal PC Housing non-Tilting

**Under-Desk Serviceable Cassette Mount**

Incorporates a hinged slotted removable rack for mounting AV equipment such as players etc. When installed the equipment is hidden under the desk but in the event of a swap out the rack can be unlocked, hinged down and detached if necessary to carry out the maintenance. Custom sizes available.

(Behind screen vertical sliding versions also available – see Page 20)

- **Order Code**
  - UDM1

**Typical custom made units shown.**

GB1616898.1
Our PSU (Projector Suspension Unit) range covers all makes of projectors. Each mount is specifically designed for the individual projector models listed, supporting the projector either inverted or in a cradle according to manufacturer’s recommendations.

The preferred method of projector mounting. All our PSU mounts are designed to align accurately with the projector mounting holes and take account of cooling or lamp access needs.

All PSU mounts are now available as micro adjustable versions having 2 axis, level & tilt. (See centre panel).

Micro Adjustment®
This 2 axis micro adjustment factory fitted option is available for most PSU units and provides a range of precision adjustment in level and tilt.

Our range now extends to over 600 PSU projector suspension units!
**GUARDBOX® Anti-theft Enclosures**

Constructed from heavy gauge steel and incorporating many innovative features. Five sizes are available covering a wide range of projectors. Each Guardbox incorporates our unique twin bar system, designed to fit into a number of slots for different projector lens positions. Each bar has another bar fitted inside making it virtually impossible to hacksaw through.

**Taglock Kit**

As a further aid to security for the Guardbox range, our ‘Taglock’ Kits are available to provide secondary locking.

Gyrolock® ~ With Trilok® Docking System

The Trilok docking system uses a standardised ‘bayonet style’ fitting to carry projector mounting plates made specifically to fit each make & model of projector (a universal version also listed). The docking system allows easy projector set up, removal for routine maintenance and for future model change.

* Now in white as an option – The GK1 version fits anyway up, ceiling, wall or base fixable
* Projector locks into Trilok® docking system, using either our dedicated Gyrolock Adapter Plates (GAP) or universal adapter (GAPU)
* Full tilt & turn adjustment for easy set up
* Telescopic – for use through suspended ceilings or in any high, low or normal headroom situation
* Safety rated for projectors up to 20Kg ceiling mounted, 12Kg wall mounted (GK1 only) & 12Kg if using a universal GAP plate (GAPU)

Select any of these versions to suit your headroom needs.

All use the Trilok docking system and are supplied with either a dedicated projector mount (GAP) or optional universal adapter plate (GAPU) if compatible.
